The "L" drive was the pinnacle of Force engineering design. An waterline level outboard powerhead with a quasi-I/O lower unit for those who couldn't decide between and I/O and outboard. Water ingestion was a problem, along with many other flaws. I doubt many of them are still in operation today. R T M: posted 04-30-2009 03:40 PM ET (US)

The Force MDs are an American R&B vocal group that was formed in 1981 in Staten Island, New York. Although the group has old school hip hop roots, it is perhaps best known for two tunes that are widely considered 1980s quiet storm classics, "Tender Love" and "Love is a House". They are considered major forerunners of the new jack swing movement. [citation needed]
