This book presents time saving strategies, tactics, and a host of job aids to get the best result from the corporate learning function. It will serve both as a must-have reference tool and as a practical survival guide for workplace learning professionals who face unique challenges in accomplishing their responsibilities. Several strategies and tactics are offered to organize the roles and responsibilities of the training function. There's authoritative advice, too, for managing the function including staff management, communicating expectations, setting the learning agenda, coaching subject matter experts, hiring consultants and vendors, managing content, working with learning portals,

setting up and managing a learning resource center, marketing and building internal support for training, and integrating learning into the business.

First Published in 2000. Routledge is an imprint of Taylor & Francis, an informa company.
