light is flashing the system is actively engaged. Engine output may be reduced and the vehicle may be braked automatically to a small degree.

Vauxhall/Opel Astra H Car Warning lights  
This light will come on if the engine is overheating. This may indicate that coolant levels are low, in which case the low coolant level warning light may also be illuminated. Low coolant levels could be due to a leak in the system or it could be a sign of a larger problem, like a head gasket failure.
