solution textbook, resources.

Big Java: Early Objects, 5th Edition... - Test Bank ...

I personally had a little programming knowledge before taking a Java class, but as you may know Java is a bit different, because it uses objects. Because Java is an object oriented programming language, it can make it difficult to understand. Big Java takes things step by step, teaching you how to use each method correctly.

*Big Java: Early Objects, 7e Abridged Print
Companion with ...*

This book introduces programmers to objects
at a gradual pace. Optional example modules
are included using Alice and Greenfoot. The
examples feature annotations with `dos` and
`don'ts` along with cross references to more
detailed explanations in the text. New tables
show a large number of typical and cautionary
examples. New programming and review problems
are also presented that ensure a broad ...
