Cheetah Engine Manual property as the heat of the engine exhaust can cause damage and injury. Rule 3 Air will save the engine, in the event of a hot or failed start always isolate the fuel to the engine, but always keep the start air running to the engine, this will clear the engine of residual fuel and will keep the core of the engine cool.

The 110cc engine was used rather than the true 125cc motor that is now used in the Cheetah brother 's predecessor the New Cheetah 125cc. The Cheetah was produced as the first Tao Motor youth sports model. The New Cheetah has some upgrades that the 110cc Cheetah does not. However, focusing on giving our entry-level families an affordable sports ...
