I believe that real-life, non-consensual spanking is both debilitating to the child's physical and psychological well-being and debilitating to the child-parent relationship. Still, I am a spankophile and while I am opposed to the RL spanking of kids I nonetheless find the fictional account of such stories, and some remembrances of my own and other's RL experiences, very arousing. The Stories ...

Archive of stories about Spanking—Medium—

Hanging is a form of execution in which the subject is suspended in midair by a rope around her neck. This rope slowly suffocated the subject until death. Upon death, she usually urinates, which is used as an indicator for when the subject is deceased.

	
On a summer night in 2014, Padma and Lalli went missing from Katra Sadatganj, an eye-blink of a village in western Uttar Pradesh. Hours later they were found hanging in the orchard behind their home. Who they were, and what had happened to them, was already less important than what their disappearance meant to the people left behind. Slipping deftly behind political maneuvering, caste systems and codes of honor in a village in northern India, The Good Girls returns to the scene of their short lives and shameful deaths, and dares to ask: What is the human cost of shame?	

Presents a case of scandal, crime, and justice in medieval France, where a Norman knight returns from Scotland and finds his wife accusing an old friend and fellow courtier of raping her, leading to a battle to the death.

An exploration of why people all over the world love to engage in pain on purpose—from dominatrices, religious ascetics, and ultramarathoners to ballerinas, icy ocean bathers, and sideshow performers Masochism is sexy, human, reviled, worshipped, and can be delightfully bizarre. Deliberate and consensual pain has been with us for millennia, encompassing everyone from Black Plague flagellants to ballerinas dancing on broken bones to competitive eaters choking down hot peppers while they cry. Masochism is a part of us. It lives inside workaholics, tattoo enthusiasts, and all manner of garden variety pain-seekers. At its core, masochism is about feeling bad, then better—a phenomenon that is long overdue for a heartfelt and hilarious investigation. And Leigh Cowart would know: they are not just a researcher and science writer—they ' re an inveterate, high-sensation seeking masochist. And they have a few questions: Why do people engage in masochism? What are the benefits and the costs? And what does masochism have to say about the human experience? By participating in many of these activities themselves, and through conversations with psychologists, fellow scientists, and people who seek pain for pleasure, Cowart unveils how our minds and bodies find meaning and relief in pain—a quirk in our programming that drives discipline and innovation even as it threatens to swallow us whole.

Ethel Meyer, a retired literature professor decides to invest her final moments of vision in the raving manuscripts of Ocheleth " Qoe " Bogenheart, a Bostonian theologian who lost his mind while writing it. With the help of mathematical science and industrial capital, Ethel forms the handwritten loose ends into the unity that they intended to convey. As we follow Qoe on his Bunyanesque voyage to the arctic shore of Alaska we begin to wonder why any man would seek to forgo his sanity. Could it be to emulate Abraham who left his home, or even Christ who gave His life? Qoe meets fellow travelers, suffers hallucinations, and even charges God with a baseball bat. Why is he obsessed with flight? Is he searching for gold or knowledge? Who is Anna? Where is he going? Qoe ' s car is found abandoned in Skagway, Alaska, and the manuscript ends in determinative silence. Ethel is nevertheless convinced that the story should continue, and the only one who may be able to raise Qoe is his wealthy father Karel. Only when his monetary fortune appears to have no bearing on his mission, Karel begins to realize that to raise a person, one has to live his death. Coming to terms with the nature of reality, Karel embraces his son ' s plight and the howling infinite of fiction.

“ One of the most twisted tales you will ever read . . . a story of cannibal fetishes, a terrified wife, lying FBI agents, a false conviction. ” —Patrick Quinlan, Los Angeles Times bestselling author “Optioned in February 2019 for a motion picture” Raw Deal is the untold story of former New York City police officer Gil Valle, who in 2012 became known throughout the world as “ The Cannibal Cop. ” It is part the controversial saga of a man who was imprisoned for “ thought crimes, ” and a look into a world of dark sexuality and violence that most readers don ’ t know exists, except maybe in their nightmares. After Valle ’ s arrest, media coverage exploded in a frenzy of lurid tabloid headlines and stories about the cop charged with planning to kidnap, torture, rape . . . and eat . . . women, including his own wife. But here ’ s the fascinating part; there was no such plan in reality: Valle faced life in prison for his charges and served 21 months for nothing more than having online chats about his fantasies. He was finally exonerated of all charges. Raw Deal raises the question of when does thought become a crime? A question that goes beyond his perverse sexuality to answers society must deal with in order to meet the challenge of terrorism. It will challenge the reader ’ s beliefs about free speech, the right to privacy, and government’ s role in watching over us. WARNING: This book contains graphic fantasy material of a sexual and violent nature. It is intended for Mature Audiences. “ A big part of what makes this book fascinating is seeing the contrast between Valle ’ s extreme interests and his normal life. ” —Cultured Vultures

Travis Maddox, Eastern University's playboy, makes a bet with good girl Abby that if he loses, he will remain abstinent for a month, but if he wins, Abby must live in his apartment for the same amount of time.

Graduate student Vivienne Charles is afraid and ashamed of her own fantasies: being taken by force by a man who will claim her completely. When the mysterious Jonah Marks learns her secret, he makes a stunning offer: they will remain near-strangers and meet in secret so that he can fulfill her fantasies. Their arrangement is twisted. The sex is incredible. And soon their emotions are bound together as tightly as the rope around Vivienne's wrists. But the secrets in their pasts threaten to take their arrangement down an even darker path.

A wryly funny and surprisingly moving account of an extraordinary life lived almost entirely in the public eye A teen idol at fifteen, an international icon and founder of the Brat Pack at twenty, and one of Hollywood's top stars to this day, Rob Lowe chronicles his experiences as a painfully misunderstood child actor in Ohio uprooted to the wild counterculture of mid-seventies Malibu, where he embarked on his unrelenting pursuit of a career in Hollywood. The Outsiders placed Lowe at the birth of the modern youth movement in the entertainment industry. During his time on The West Wing, he witnessed the surreal nexus of show business and politics both on the set and in the actual White House. And in between are deft and humorous stories of the wild excesses that marked the eighties, leading to his quest for family and sobriety. Never mean-spirited or salacious, Lowe delivers unexpected glimpses into his successes, disappointments, relationships, and one-of-a-kind encounters with people who shaped our world over the last twenty-five years. Rob Lowe's New York Times bestselling autobiography, Stories I Only Tell My Friends, shares tales that are as entertaining as they are unforgettable.

The Art of Suicide is a history of the visual representation of suicide from the ancient world to its decriminalization in the 20th century. After looking at instances of voluntary death in ancient Greece, Ron Brown discusses the contrast between the extraordinary absence of such events in early Christianity and the proliferation of images of biblical suicides in the late medieval era. He emphasizes how differing attitudes to suicide in the early modern world slowly merged, and pays particular attention to the one-time chasm between so-called heroic suicide and self-destruction as a "crying crime". Brown tracks the changes surrounding the perception of suicide into the pivotal Romantic era, with its notions of the "man of feeling", ready to hurl himself into the abyss over a woman or an unfinished poem. After the First World War, the meaning of death and attitudes towards suicide changed radically, and in time this led to its decriminalization. The 20th century in fact witnessed a growing ambivalence towards suicidal acts, which today are widely regarded either as expressions of a death-wish or as cries for help. Brown concludes with Warhol's picture of Marilyn Monroe and the videos taken by the notorious Dr Kevorkian.

What do you do when you realise you have everything you think you've ever wanted but still feel completely empty? What do you do when it all starts to fall apart? The second volume of Moby's extraordinary life story is a journey into the dark heart of fame and the demons that lurk just beneath the bling and bluster of the celebrity lifestyle. In summer 1999, Moby released the album that defined the millennium, PLAY. Like generation-defining albums before it, PLAY was ubiquitous, and catapulted Moby to superstardom. Suddenly he was hanging out with David Bowie and Lou Reed, Christina Ricci and Madonna, taking ecstasy for breakfast (most days), drinking litres of vodka (every day), and sleeping with super models (infrequently). It was a diet that couldn't last. And then it fell apart. The second volume of Moby's memoir is a classic about the banality of fame. It is shocking, riotously entertaining, extreme, and unforgiving. It is unedifying, but you can never tear your eyes away from the page.
