Crime Prevention: Theory and Practice | Request PDF Abstract. Situational crime prevention focuses on the settings for criminal acts rather than on the characteristics of offenders. It provides a practical approach to improving safety and challenges criminological theories based on offenders' propensities for mischief. According to situational crime prevention, crime is the result of an interaction between disposition and situation.

Some criminologists believe that the efforts that these organizations and agencies have made in the past 20 or 30 years to protect themselves from crime are responsible for the recorded crime drops in many countries. Situational crime prevention rests on a sound foundation of criminological theories—routine activity theory, crime pattern theory, and the rational choice perspective—all of which hold that opportunity plays a part in every form of crime or disorder.
