Robert McRuer's Crip Theory: Cultural Signs of Queerness and Disability, is on the edge of the edge of both Disability and Queer Studies. It's also on the edge of queer and crip activism and social movements. McRuer begins his book with an introduction to his theory of compulsory able-bodiedness. This system produces disability and is woven together with the system of compulsory heterosexuality that produces queerness.

A strand of critical cultural analysis that, alongside lqueer perspectives and practicesll, has llbeen deployed to resist the contemporary spectacle of able-bodied heteronormativityll, as Robert McCruer (Crip Theory: Cultural Signs of Queerness and Disability, 2006) puts it. Dominant conceptions of able-bodiedness in sport are vulnerable to critique in the sense that they have often matter-of-factly assumed the ideal body to be the platform for and pinnacle of sporting excellence.
