The Caproni Ca.310 Libeccio (Italian: southwest wind) was an Italian monoplane, twin- engine reconnaissance aircraft used in World War II. Derived from the similar Ca.309, it had its combat debut during the Spanish Civil War and took part in the earlier phases of World War II in Libya.

Caproni Ca.310 - Wikipedia

IMHO the German 310 is a fine engine, unless you have to work on it. The overhaul kits are expensive in comparison. The fuel pump is way more expensive to get repaired. I really like the 312-360 engines, just a small clone of the decorated 400 series engine we all know and love..
