An interactive, multimedia text that introduces students to reading and writing at the college level.

A three-volume essay writing course for students in American English. Academic Writing Skills 3 looks at the specific components of academic writing, such as avoiding logical fallacies, and synthesizing and improving the clarity of sentences. It is appropriate for advanced writing students needing to develop specific writing and analytical skills to complete academic writing tasks.

Oxford English for Academic Purposes offers a specialist course covering listening, speaking and reading in key areas of academic life such as lectures, presentations and textbooks. The course is consistent with levels A2 to C1 of the Common European Frame of Reference for the teaching of foreign languages.

A much-needed resource for teaching English to all learners The number of English language learners in U.S. schools is projected to grow to twenty-five percent by 2025. Most teachers have English learners in their classrooms, from kindergarten through college. The ESL/ELL Teacher's Survival Guide offers educators practical strategies for setting up an ESL-friendly classroom, motivating and interacting with students, communicating with parents of English learners, and navigating the challenges inherent in teaching ESL students. Provides research-based instructional techniques which have proven effective with English learners at all proficiency levels Offers thematic units complete with reproducible forms

and worksheets, sample lesson plans, and sample student assignments The book's ESL lessons connect to core standards and technology applications This hands-on resource will give all teachers at all levels the information they need to be effective ESL instructors.

Signs in Contemporary Culture is an introduction to the science of semiotics. It is unusual in that it has an application for every semiotic concept it discusses so readers can see how semiotics can be applied to many aspects of everyday life.

For a nation that often optimistically claims to be post-racial, we are still mired in the practices of racial inequality that plays out in law, policy, and in our local communities. One of two explanations is often given for this persistent phenomenon: On the one hand, we might be hypocritical—saying one thing, and doing or believing another; on the other, it might have little to do with us individually but rather be inherent to the structure of American society. *More Beautiful and More Terrible* compels us to think beyond this insufficient dichotomy in order to see how racial inequality is perpetuated. Imani Perry asserts that the U.S. is in a new and distinct phase of racism that is “post-intentional”: neither based on the intentional discrimination of the past, nor drawing upon biological concepts of race. Drawing upon the insights and tools of critical race theory, social policy, law, sociology and cultural studies, she demonstrates how post-intentional racism works and maintains that it cannot be addressed solely through the kinds of structural solutions of the Left or the values arguments of the Right. Rather, the author identifies a place in the middle—a space of “righteous hope”—and articulates a notion of ethics and human agency that will allow us to expand and amplify that hope. To paraphrase James Baldwin, when talking about race, it is both more terrible than most think, but also more beautiful than most can
