Praised as a "revelatory" book by The Wall Street Journal, this is the last and most personal work of Pulitzer Prize-winning author and historian Will Durant, discovered thirty-two years after his death. The culmination of Will Durant's sixty-plus years spent researching the philosophies, religions, arts, sciences, and civilizations from across the world, Fallen Leaves is the distilled wisdom of one of the world's greatest minds, a man with a renowned talent for rendering the insights of the past accessible. Over the course of Durant's career he received numerous letters from "curious readers who have challenged me to speak my mind on the timeless questions of human life and fate." With Fallen Leaves, his final book, he at last accepted their challenge. In twenty-two short chapters, Durant addresses everything from youth and old age to religion, morals, sex, war, politics, and art. Fallen Leaves is "a thought-provoking array of opinions" (Publishers Weekly), offering elegant prose, deep insights, and Durant's revealing conclusions about the perennial problems and greatest joys we face as a species. In Durant's singular voice, here is a message of insight for everyone who has ever sought meaning in life or the counsel of a learned friend while navigating life's journey.

Autumn is in the air: days grow shorter and nights are long. Birds leave, flowers, too. Apples and temperatures fall—then snow! Part poem, part silent stage, this luminous picture book puts autumn on display and captures the spirit of change that stays with us long after fall leaves. Unlock the secrets of this busy and beautiful time of year as the natural world makes way for winter.

"Falling Leaves" is a collection of poetry, which deals with all kinds of mental health issues (depression, eating disorders,...) and also includes a lot of social criticism. It's not supposed to be a guide on how to heal and recover, but it represents my own process of healing and maybe you can take something out of it.

Provides a simple introduction to the scientific principles that explain why the leaves of some trees change color in the autumn and then fall from the trees.

All the fall leaves have big plans to twist and twirl in the autumn wind. But not Yellow Hickory. She's afraid. The other leaves laugh at her. But the wind has a few surprises for them all!

A teen grapples with ALS and his decision to die in this "deeply moving" (Booklist, starred review) debut novel infused with the haunting grace of Japanese poetry and the noble importance of friendship. Sora is going to die, and he's only seventeen years old. Diagnosed with ALS (Lou Gehrig's disease), he's already lost the use of his legs, which means he can no longer attend school. Seeking a sense of normality, Sora visits teen chat rooms online and finally finds what he's been longing for: friendship without pity. As much as he loves his new friends, he can't ignore what's ahead. He's beginning to lose the function of his hands, and soon he'll become even more of a burden to his mother. Inspired by the death poems of the legendary Japanese warriors known as samurai, Sora makes the decision to leave life on his own terms. And he needs his friends to help him.
