"Perhaps the best book by the foremost stylist of his generation" (New York Times), J. D. Salinger's Franny and Zooey collects two works of fiction about the Glass family originally published in The New Yorker. And the worst part is, if you go bohemian or something crazy like that, you're conforming just as much only in a different way." A novel in two halves, Franny and Zooey brilliantly captures the emotional strains and traumas of entering adulthood. It is a gleaming example of the wit, precision, and poignancy that have made J. D. Salinger one of America's most beloved writers.

The last book-length work of fiction by J. D. Salinger published in his lifetime collects two novellas about "one of the liveliest, funniest, most fully realized families in all fiction" (New York Times). These two novellas, set seventeen years apart, are both concerned with Seymour Glass--the eldest son of J. D. Salinger's fictional Glass family--as recalled by his closest brother, Buddy. "He was a great many things to a great many people while he lived, and virtually all things to his brothers and sisters in our somewhat outsized family. Surely he was all real things to us: our blue-striped unicorn, our double-lensed burning glass, our consultant genius, our portable conscience, our supercargo, and our one full poet..."
