*A Theory of Good City Form* by Kevin Lynch

Kevin Lynch's magnum opus *A Theory of Good City Form* (1981) is well known as a normative theory of the city. The intersection of human purposeful activity and city form is a principal feature. However, little attention is given in the literature to a small appendix in the book, *A Theory of Good City Form* (1981), in which the theories that explain the form and function of the city are classified and reviewed.

### KEVIN LYNCH MAPPING METHOD : CHAPTER TWO

Kevin Andrew Lynch was an American urban planner and author. He is known for his work on the perceptual form of urban environments and was an early proponent of mental mapping. His most influential books include *The Image of the City*, a seminal work on the perceptual form of urban environments, and *What Time is This Place?*, which theorizes how the physical environment captures and refigures temporal processes. A student of architect Frank Lloyd Wright before training in city planning, Lynch spent
