GK Questions and Answers on Gravitation - Jagranjosh.com

The question is asking about density, and that is the ratio of mass to volume.

Therefore, the first

File Type PDF

Gravity

rock is denser, And

(density = 3.0) and

the second rock is

less dense even

though it weighs

more, because its

density is only 2.0.

This example shows

why it is important to

be careful to not use

the words

heavier/lighter when

you means more or

less dense.
