Building a relationship with a city is a lot like building a relationship with another person - just as cities can be intoxicating, generous and inspiring, so they can also be dangerous, fickle and impenetrable. Winner of the 2010 National Book Critics Circle Award for Biography How to get along with people, how to deal with violence, how to adjust to losing someone you love—such questions arise in most people ' s lives. They are all versions of a bigger question: how do you live? How do you do the good or honorable thing, while flourishing and feeling happy? This question obsessed Renaissance writers, none more than Michel Eyquem de Montaigne, perhaps the first truly modern individual. A nobleman, public official and wine-grower, he wrote free-roaming explorations of his thought and experience, unlike anything written before. He called them “ essays,” meaning “ attempts ” or “ tries. ” Into them, he put whatever was in his head: his tastes in wine and food, his childhood memories, the way his dog ' s ears twitched when it was dreaming, as well as the appalling events of the religious civil wars raging around him. The Essays was an instant bestseller and, over four hundred years later, Montaigne ' s honesty and charm still draw people to him. Readers come in search of companionship, wisdom and entertainment—and in search of themselves. This book, a spirited and singular biography, relates the story of his life by way of

the questions he posed and the answers he explored. It traces his bizarre upbringing, youthful career and sexual adventures, his travels, and his friendships with the scholar and poet Étienne de La Boétie and with his adopted “daughter,” Marie de Gournay. And we also meet his readers—who for centuries have found in Montaigne an inexhaustible source of answers to the haunting question, “how to live?”

After being out of print for decades, *Possum Living: How to Live Well Without a Job and (Almost) No Money* is being reissued with an afterword by an older and wiser Dolly Freed. In the late seventies, at the age of eighteen and with a seventh-grade education, Dolly Freed wrote *Possum Living* about the five years she and her father lived off the land on a half-acre lot outside of Philadelphia. At the time of its publication in 1978, *Possum Living* became an instant classic, known for its plucky narration and no-nonsense practical advice on how to quit the rat race and live frugally. In her delightful, straightforward, and irreverent style, Freed guides readers on how to buy and maintain a home, dress well, cope with the law, stay healthy, save money, and be lazy, proud, miserly, and honest, all while enjoying leisure and keeping up a middle-class façade. Thirty years later, Freed's philosophy is world-renowned and *Possum Living* remains as fascinating, inspirational, and pertinent as it was upon its original publication. This updated edition includes new reflections, insights, and life lessons from an older and wiser Dolly Freed, whose knowledge of how to live like a possum has given her financial security and the confidence to try new ventures.
