Ask yourself this question: What type of character qualifies the people God chooses to use? The question itself assumes an atypical answer, simply because it leaves out so much. To ask only about one's character seems inadequate when defining a leader. We surely need to ask about character, but also about personality, communication skills, IQ, education, previous experience, and more... don't we? Crawford Loritts disagrees. He answers the question with four simple words: Brokenness, communion, servanthood, and obedience. These four traits form the framework for Leadership as an Identity. By examining each trait, Loritts undermines many pervasive assumptions about leadership that are unbiblical. According to Loritts, God doesn't look for leaders like the world does. He looks for disciples, and ironically, as these disciples follow Him, they will lead.

For over 40 years, Warship has been the leading annual resource on the design, development, and deployment of the world's combat ships. Featuring a broad range of articles from a select panel of distinguished international contributors, this latest volume combines original research, new book reviews, warship notes, an image gallery, and much more, maintaining the impressive standards of scholarship and research with which Warship has become synonymous. In the 2019 edition of this celebrated title, articles include Hans Lengerer's exploration of the genesis of the Six-Six Fleet, Michele Cosentino's look at Project 1030, Italy's attempt to create a torpedo-armed attack and ballistic missile submarines, and A D Baker III's drawing feature on the USS Lebanon. Detailed and accurate information is the keynote of all the articles, which are fully supported by plans, data tables and stunning photographs.

Death has come to court. As the plague rages outside the palace walls, tormented screams and pleas for help go unanswered by the members of the French court sheltered within the castle. Mary Queen of Scots feels safe-but she doesn't know that someone using the secret tunnels may bring the threat inside. Mary worries that those she loves--her husband Francis, and friends Lola, Bash, and Kenna--remain stranded beyond the gates, among the sick and dying. The infection doesn't distinguish between royals and commoners. Can they survive? And when Nostradamus receives a disturbing vision that portends Mary's own death, she wonders--how long will she reign?

Books on leadership in various aspects of life and work abound. But are the principles upon which these books are grounded biblical? Do they describe the best way for Christians to lead, knowing that they function as ambassadors for Christ as they facilitate meetings, lead people, and manage projects? On Being a Leader for God covers numerous topics that are relevant to Christian leadership in this and every era, including obedience, faithfulness, character, maturity, ability, God's authority, seizing opportunities, biblical images of successful leadership, listening, the difference between a boss and a leader, change management, organizational leadership, and vision. Pastors, deacons, church leaders, and laypeople will find this book both engaging and transformative.
