I have never been so happy, even when i was alive. I can see my body lying lifeless besides me. Well its a great feeling to be no longer subject to any responsibility. And very soon i will see my creator - the god. Look at these people - despondent and devastated. But i am happy today! I want to lose all the memories of what i had done to others in my life. Why? My soul asked Because i was born in the family of criminals and i was expected to follow their footsteps because lot of times this crazy life doesnt do justice to you. After four days of my leaving this world, i could see only four people (my wife, my mother and my two kids) in the house and the madness of the sorrowful was over. But in no time, my happiness turned in to despair. My five year old daughter ran in to her mother and said my prayers have been

answered and there will be no killing of people as the god had just taken away the murderer from our lives. My wife cried and cried till her tears went dry. I could feel my eyes welling up with tears too. I was worried - how would i face the god and would i be able to take on the punishments for my sins.

The past decade has been a period of excessive fluctuation in the distribution and exercise of power in Jordan, and the land and the people have passed through some of the most agonizing moments of their history. The political climate has been polluted with suspicion and repression, and even when peace and tranquility returned, the determinants were the external factors, rather than the internal maturity and harmony of the system to create conditions of life which could ensure respect for law and liberties among the rulers, and trust and confidence among the subjects. The defeat of Arab armies in June, 1967 stimulated the rise of a Palestinian resistance movement based in Trans-Jordan, commonly known as the East Bank. This element has given a new dimension to Jordanian politics. The government and Commandos are at cross-purposes on practically every issue of public policy. The civil war and the blood-shed it entailed have further critically strained relations between the two. This has perpetuated an atmosphere of chronic tension and insecurity in the country.

Expanded and updated information on the entire industry standard PC printer family. This edition has been completely updated to feature the latest LaserJet II and III series machines and the newest software, font cartridges, and utilities.

"To diggers a thousand years from now...the works of John D. MacDonald would be a treasure on the order of the tomb of Tutankhamen." Kurt Vonnegut, Jr. How to you extort \$600,000 from a dying man? Someone had done it very quietly and skilfully to the husband of Travis McGee's ex-girlfriend. McGee flies to Chicago to help untangle the mess and discovers that although Dr. Fortner Geis had led an exemplary life, there were those who'd take advantage of one "indiscretion" and bring down the whole family. McGee also discovers he likes a few members of the family far too much to let that happen....

Bart Northcote vigorously defies stereotypes. He is a Los Angeles private detective who also writes books that are loosely disguised as fiction. He has a keen sense of making money from every job, and has a voracious appetite for art. Here he is involved in tracking down the whereabouts of a fabulous antiquity, called the Ishtar Cup, which has been smuggled out of Iraq after the Gulf War. The problem is that his client, who refuses to give her real name, wants Bart to follow one of her co-conspirators to make sure they know that they are being watched. Bart suspects he is being played, but he has no idea why.
