Many organizations have identified moms as an important customer group, but the broad, age-based definitions these companies work with mask an array of different consumer behaviors. Written by two leading marketers, this book provides a new approach to understanding the American Mom market.

A guide to refocusing your business on those who matter most: customers and employees. Technology and social media tools have made it easier than ever for companies to communicate with consumers. They can listen and join in on conversations, solve problems, get instant feedback about their products and services, and more. So why, then, are most companies not doing this? Instead, it seems as if customer service is at an all time low, and that the few companies who are choosing to focus on their customers are experiencing a great competitive advantage. At Your Service explains the importance of refocusing your business on your customers and your employees, and just how to do it. Explains how to create a culture of empowered employees who understand the value of a great customer experience Advises on the need to communicate that experience to their customers and potential customers Frank Eliason, recognized by BusinessWeek as the 'most famous customer service manager in the US, possibly in the world,' has built a reputation for helping large businesses improve the way they connect with customers and enhance their relationships At Your Service will appeal to leaders, managers, business owners, customer service professionals, and anyone who wants to learn how to add value to their organization.

A camping trip provides Tad with plenty of opportunities to "cry wolf." His parents tell him not to call for help unless he really needs it, but it's not until Tad really is in trouble that he learns his lesson once and for all.

Jordan target areas most controversial and at the heart of debates about the media and public health—equipping students to approach the media as critical consumers.

"Melissa Wardy's book reads like a conversation with a smart, wise, funny friend; one who dispenses fabulous advice on raising a strong, healthy, full-of-awesome girl." —Peggy Orenstein, author of Cinderella Ate My Daughter All-pink aisles in toy stores, popular dolls that resemble pole dancers, ultrasexy Halloween costumes in tween sizes. Many parents are increasingly startled and unnerved at how today's media, marketers, and manufacturers are sexualizing and stereotyping ever-younger girls, but feel powerless to do much about it. Mother of two Melissa Wardy channeled her feelings of isolation and frustration into activism—creating a website to sell T-shirts with girl-positive messages; blogging and swapping parenting strategies with families around the world; writing letters to corporate offenders; organizing petitions; and raising awareness through parent workshops and social media. Wardy has spearheaded campaigns against national brands and retailers that resulted in the removal of sexist, offensive ads and products. Now, in Redefining Girly, she shares her parenting and activism strategies with other families concerned about raising a confident and healthy girl in today's climate. Wardy provides specific advice and sample conversations for getting family, friends, educators, and health care providers on your side; getting kids to think critically about sexed-up toys and clothes; talking to girls about body image; and much more. She provides tips for creating a home full of diverse, inspiring toys and media free of gender stereotypes; using your voice and consumer power to fight the companies making major missteps; and taking the reins to limit, challenge, and change harmful media and products. Melissa Wardy is the founder of Pigtail Pals & Ballcap Buddies, a website selling empowering and inspirational children's apparel and products, and Redefine Girly, a blog surrounding the issue of the sexualization of girls. Wardy and her work have been featured
