leyland 680 engines - Shopadilly.co.uk

The Leyland Leopard was introduced in 1959. It was developed from the Leyland Tiger Cub, one of the most important changes being the introduction of the larger and more powerful O.600 engine (later-built Leopards were fitted with the 11.1-litre O.680 engine). The Leopard was superseded by the Leyland Tiger.

Leyland Leopard - Wikipedia

Leyland 680 Power Plus this engine is fitted on a sub frame and fitted with fly wheel for semi auto transmission. There is no starter motor or saddle for such. This has been kept under cover in my garage and is checked regularly. I thought £500 would be a fair price.

Leyland (engines) - Tractor & Construction Plant Wiki ...

In 1978, Leyland started to offer the AN69 with Leyland O.690 (a turbocharged variant of the O.680 engine), all were sold to overseas operators.. However one AN69 with the 0.690 engine ended up with now defunct operator J. Fishwick & Sons of Leyland, the vehicle having been intended for export to Baghdad.

Leyland Atlantean - Wikipedia

The 680 was a popular Leyland engine also used extensively in road vehicles in both horizontal and vertical forms. As the engine developed over the years, some variants found their way onto DMUs. The differences are listed below. Later the turbocharged variation, the TL11, was also used.

Leyland 680 Engine - Railcar

At this time,Leyland's biggest truck engine was the 11.6-litre `680` unit which could develop 220bhp but not without issues of failing cylinder head gaskets. Leyland advertised a position of engineering director with a brief to design and develop a new range of engines to meet and beat the competition.

leyland 680 engine - Shopadilly.co.uk

How do today's modern engines in Volvo/Scania/Dennis buses compare in relation to their size, with the range of engines available in my driving days in the 50s and 60s, in particular Bristol AVW/BVW, Gardner 5LW/6LW, and Leyland 0600/0680. I know today's engines are more efficient and powerful, but the actual difference in size would be interesting to know. I was a driver with Bristol Omnibus ...
