Your no-nonsense guide to Near Field Communication Are you a newcomer to Near Field Communication and baffled by the scant documentation and online support available for this powerful new technology? You've come to the right place! Written in a friendly and easily accessible manner, NFC For Dummies takes the intimidation out of working with the features of NFC-enabled devices and tells you exactly what it is and what it does—and doesn't do. NFC is revolutionizing the way people interact on a daily basis. It enables big data and cloud-based computing through mobile devices and can be used by anyone with a smartphone or tablet every day! Soon to be as commonplace as using Wi-Fi or the camera on your smartphone, NFC is going to forever change the way we interact with people and the things around us. It simplifies the sending and receiving of information, makes monetary transactions simple and secure—Apple Pay already uses NFC—and is a low-cost product to manufacture and use. As more developers create apps with NFC, you're going to see it used regularly—everywhere from cash registers to your social media accounts to electronic identity systems. Don't get left behind; get up to speed on NFC today! Provides a plain-English overview of NFC Covers the history and technology behind NFC Helps you make sense of IoT and powered chips Explains proximity technologies and non-payment applications Whether you're a developer, investor, or a mobile phone user who is excited about the capabilities of this rapidly growing technology, NFC For Dummies is the reference you'll want to keep close at hand!

The book describes recent research results in the areas of modelling, creation, management and presentation of interactive 3D multimedia content. The book describes the current state of the art in the field and identifies the most important research and design issues. Consecutive chapters address these issues. These are: database modelling of 3D content, security in 3D environments, describing interactivity of content, searching content, visualization of search results, modelling mixed reality content, and efficient creation of interactive 3D content. Each chapter is illustrated with example applications based on the proposed approach. The final chapter discusses some important ethical issues related to the widespread use of virtual environments in everyday life. The book provides ready to use solutions for many important problems related to the creation of interactive 3D multimedia applications and will be a primary reading for researchers and developers working in this domain.

Consumers can be overwhelmed by the myriad wireless options available. This book outlines the six steps of shopping for a wireless service. It then provides a miniguide with reviews of the wireless carriers and options available. It is the only book that is both a comprehensive guide and a source for answers to all of the consumer's questions.

This is the ultimate resource for SENCOs which provides knowledge, understanding and insight into your role as a strategic leader and how this needs to inform your daily practice and professional knowledge. This is an essential manual to help you in your role as a SENCO - especially if you are new to the role - and provides the ultimate resource that explicitly informs you what you must do to meet the national statutory requirements, as well as when and how you should implement and enhance them. The manual combines clarity, accessibility and the practical ideas to enable positive outcomes in your role. Additionally it provides knowledge, understanding and insight into your role as a strategic leader and how this needs to inform your daily practice and professional knowledge. As well as SEND the manual also covers inclusion and diversity as relates to school values and ethos, enabling you to see how your role is instrumental in determining inclusive whole school development. "This book is an essential manual for all SENCOs; highly readable, up-to-date and informative." Dr Geraldene Codina, Senior Lecturer, Institute of Education, University of Derby, UK "The SENCo Essential Manual is an invaluable resource for aspiring and newly appointed SENCOs." Louise Hamilton, Senior Lecturer, Bath Spa University, UK "For the busy SENCO...a very welcome 'one-stop' guide to support the development of their own and their setting's practice." Dr Simon Ellis, Senior Lecturer, Faculty of Education, Canterbury Christ Church University, UK

Former model Isabella Gooden is running for her life from an abusive husband who has sworn to either possess her solely or kill her. Liam Johanson, former army ranger, has secluded into his private life way out in the country. Fate will bring them together, but can they step out of the shadows in time to save themselves and each other from their dark pasts?
