It was a fine morning in May, and the dull, little frequented High Street of the small country town called Rutshole seemed absolutely cheerful, as if inspired by the exhilarating atmosphere. So at least thought Mr. Bonham, a portly widower of fifty or thereabouts, as having left his carriage at the inn, he proceeded down High Street leisurely, but with the usual solemnity on his countenance, (which he considered dignified and respectable) much lightened by the cheering weather. He stopped at the door of a small shop, on which was inscribed, 'Trabb, Hosier and Glover'. Here he entered. Now that capital woman of business, the widow Trabb, was engaged in suiting a stiff-necked old maid with a pair of mittens; but even if she had not been so occupied, we very much doubt if she would herself have attended to a gentleman customer. The worthy woman knew that there are other means of making a shop attractive besides the excellence and cheapness of the wares therein sold: and she had enlisted in her services a pretty girl of sixteen, whose remarkable grace and modesty had already attracted numerous young squires, young farmers, and officers from the neighbouring garrison town, as real or pretended customers, to the manifest advantage of Mrs. Trabb's till.

A true classic! This is one of the best pieces of anti-war literature ever written. Marine Corps Major General Smedley Butler holds no punches in this indictment against the war profiteering racket and the unnecessary loss of life that is the end result of abhorrent industry.

flesh as they coyly wring seawater from their swim dresses. Enjoy over 100 hand-tinted postcard images, snapped at the turn of the 20th Century. It was an era when women may have been clothed from head to toe, but they were women nonetheless. Dressed in the period's best beach fashions, bold Victorians flirt with the camera, creating charming and beguiling images.

Few realize that women played a pivotal role in the development of science fiction. Even fewer know that feminist science fiction became popular in the late 19th and early 20th centuries. This collection contains a broad spectrum of this genre, many of which have been all but forgotten. Ten novels and short stories and two appendices round out this volume. The Way of a Man with a Maid (1908) is an erotic novel. Published anonymously, The Way of a Man with a Maid has long attracted controversy for its graphic depiction of rape, abuse, and incest, and continues to be read today as an important example of popular British erotica of the early twentieth century. Alternating between descriptions of sadomasochistic sex, the narrator 's vindictive interior monologue, and a dark humor woven throughout, The Way of a Man with a Maid provides insight into the sexual fantasies of men from a bygone era. " I, the man, will not take up the time of my readers by detailing the circumstances under which Alice, the maid, roused in me the desire for vengeance which resulted in the way I adopted and which I am about to relate. Suffice it then to say that Alice cruelly and unjustifiably jilted me! In my bitterness of spirit, I swore that if I ever had an opportunity of getting hold of her, I would make her voluptuous person recompense me for my disappointment..." Casting himself as a sworn enemy of womankind, Jack, a jaded English gentleman, roams the streets in search of women to corrupt. As his power grows, increasing his circle of accomplices, he performs more daring—and often more disturbing—sexual acts. This graphic exploration of taboo, torture, and desire remains an important text in the history of erotica and obscenity laws, pushing the boundaries of Edwardian society while continuing to challenge our own. With a beautifully designed cover and professionally typeset manuscript, this edition of The Way of a Man with a Maid is a classic work of erotica reimagined for modern readers.

Leaving the traditional focus on Arthurian romance and Gothic tales, the essays in this collection address how the Victorians looked back to the Middle Ages to create a sense of authority for their own ideas in areas such as art, religion, gender expectations, and social services. This book will interest specialists in the Victorian period from various fields and will also be a welcome addition to any library serving substantial humanities divisions. Because of the interdisciplinary nature of the essays, this collection would be useful in a wide range of humanities classes beyond the traditional literature class.
