Mountain Training

Recognising that individual countries may have their own individual requirements as regards the training of their own mountain guides, a degree of autonomy exists within the IFMGA Training Scheme. While the scheme covers technical skills in depth, the IFMGA attaches equal importance to the non-technical or “ soft ” skills of a mountain guide. Also, each and every IFMGA-certified mountain guide is expected to observe the Code of Professional Conduct.

Becoming a mountain guide. Before considering becoming a mountain guide, candidates are required to have had vast and varied mountaineering experience, as this will be necessary and heavily relied upon throughout their training. This training, made up of several modules, covers all technical, non-technical and teaching aspects of the activity. It is spread out over 4-5 years and gives rise to many evaluations along the way, culminating in a final exam.
