[4] Although it isn't great, the Onkyo user manual is actually better than I expected. It helped me set up both systems with only one minor problem. And that one problem was my lack of understanding on how to set up a surround sound speaker system. I contacted Onkyo's live tech support via telephone and that was very helpful.

Experience turn of the century life in a small Midwestern town where the visit of President McKinley causes reporters to miss a nearby manned flight more than four years before the Wright Brothers. Attend the last concert of Buddy Holly and Ritchie Valens in Iowa before their tragic plane crash in 1959. Witness the disruption of family life when sex scandals within their church challenge their beliefs and values. Observe how an advisor to Secretary of State Colin Powell loses the respect of his extended family that disputes positions both have taken during the 2003 invasion of Iraq. Feel the psychological trauma, and occasional renewal, of those whose lives have been upset by unexpected career altering circumstances. These and other events are captured in this collection of short stories where real and fictional characters interact in historically meaningful situations.

"An intriguing dark psychological thriller--truly brilliant!" --Lisa Jackson I have a gardener's inherent belief in the natural order of things. Soft?petalled flowers that go to seed. The resolute passage of the seasons. Swallows that fly thousands of miles to follow the eternal summer. Children who don't die before their parents. When Kate receives a phone call with news that Rosie Anderson is missing, she's stunned and disturbed. Rosie is eighteen, the same age as Kate's daughter, and a beautiful, quiet, and kind young woman. Though the locals are optimistic--girls like Rosie don't get into real trouble--Kate's sense of foreboding is confirmed when Rosie is found fatally beaten and stabbed. Who would kill the perfect daughter, from the perfect family? Yet the more Kate entwines herself with the Andersons--graceful mother Jo, renowned journalist father Neal, watchful younger sister Delphine--the more she is convinced that not everything is as it seems. Anonymous notes arrive, urging Kate to unravel the tangled threads of Rosie's life and death, though she has no idea where they will lead. Weaving flashbacks from Rosie's perspective into a tautly plotted narrative, *The Bones of You* is a gripping, haunting novel of sacrifices and lies, desperation and love. "Unusual and haunting." --Library Journal "Suspenseful and poignant." --Publishers Weekly "A compelling debut." --Woman and Home "A star in the making." --The Daily Mail
