Heneman's and Judge's Staffing Organizations, 9e, is based on a comprehensive staffing model. Components of the model include staffing models and strategy, staffing support systems (legal compliance, planning, job analysis and rewards), core staffing systems (recruitment, selection, and employment), and staffing systems and retention management. Up-to-date research and business practices are the hallmarks of this market-leading text. In-depth applications (cases and exercises) at the end of the chapters provide students with skill-building and practice in key staffing activities and decision making. A comprehensive running case involving a fictitious retailing organization provides even greater opportunity for in-depth analysis and skill-building. Students also have the opportunity to address ethical issues at the end of each chapter.

Strategic Management, 3e by Frank T. Rothaermel continues to synthesize and integrate theory, empirical research, and practical applications with current, real-world examples. This approach not only offers students a learning experience that uniquely combines rigor and relevance, but it also prepares them for the types of challenges they will face as managers in the globalized and turbulent business environment of the 21st century. Examples profile the products and services of companies that students are familiar with such as Facebook, Google, Starbucks, Apple and Uber. In its characteristic single, strong voice, Strategic Management provides students with the foundation they need to understand how companies gain and sustain competitive advantage, as well as how to
