Research on Pentecostal and Charismatic Christianity has increased dramatically in recent decades, and a diverse array of disciplines have begun to address a range of elements of these movements. Yet, there exists very little understanding of Pentecostal theology, and it is not uncommon to encounter stereotypes and misperceptions. Addressing this gap in current research, *The Routledge Handbook of Pentecostal Theology* is an exceptional reference source to the key topics, challenges, and debates in this growing field of study and is the first collection of its kind to offer a comprehensive presentation and critical discussion of this subject. Comprising over forty chapters written by a team of international contributors, the Handbook is divided into five parts: Contextualizing Pentecostal Theology Sources Theological Method Doctrines and Practices Conversations and Challenges. These sections take the reader through a comprehensive introduction to what Pentecostals believe and how they practice their faith. Looking at issues such as the core teachings of Pentecostalism concerning Spirit baptism, divine healing, or eschatology; unique practices, such as spiritual warfare and worship; and less discussed issues, such as social justice and gender, each chapter builds towards a nuanced and global picture of the theology of the Pentecostal movement. *The Routledge Handbook of Pentecostal Theology* is essential reading for students and researchers in Pentecostal Studies, World Christianity, and Theology as well as scholars working in contemporary Religious Studies.

Many Pentecostal groups have forgotten their legacy of war resistance and doctrinal history opposing killing. To rectify this loss, we have catalogued Holiness and Pentecostal denominational statements on

Download Ebook Pentecost Church Consution Guide

war and peace. Numerous Holiness groups and virtually all early Pentecostal groups had some form of pacifist statement against war. This antiwar collection gives us an almost uniform picture of the early Pentecostal movement as largely pacifist in orientation. The commonality of these statements across both Holiness and Pentecostal movements is evidence they are a continuous group and not two separate movements. While their early doctrines opposed killing, many named in this book are now widely considered to be stalwarts of the Religious Right, or at least staunch supporters of Christian participation in war. Our hope is that this book will frame the official position of early Pentecostals on war and peace, and encourage Pentecostals today to reflect on their antiwar heritage.

The Oxford Handbook of Theology, Sexuality, and Gender presents an unrivalled overview of the theological study of sexuality and gender. These topics are not merely contentious and pervasive: they have escalated in importance within theology. Theologians increasingly agree that even the very doctrine of God cannot be contemplated without a prior grappling with each. Featuring 41 newly-commissioned essays, written by some of the foremost scholars in the discipline, this authoritative collection presents and develops the latest thinking in these areas. Divided into eight thematic sections, the Handbook explores: methodological approaches; contributions from neighbouring disciplines; sexuality and gender in the Bible, and in the Christian tradition; controversies within the churches, and within four of the non-Christian faiths; and key concepts and issues. The final, extended section considers theology in relation

to married people and families; gay and lesbian people; bisexual people; intersex and transgender people; disabled people; and to friends. This volume is an essential reference for students and scholars, which will also stimulate further research.

The Oxford Handbook of the Canadian Constitution provides an ideal first stop for Canadians and non-Canadians seeking a clear, concise, and authoritative account of Canadian constitutional law. The Handbook is divided into six parts: Constitutional History, Institutions and Constitutional Change, Aboriginal Peoples and the Canadian Constitution, Federalism, Rights and Freedoms, and Constitutional Theory. Readers of this Handbook will discover some of the distinctive features of the Canadian constitution: for example, the importance of Indigenous peoples and legal systems, the long-standing presence of a French-speaking population, French civil law and Quebec, the British constitutional heritage, the choice of federalism, as well as the newer features, most notably the Canadian Charter of Rights and Freedoms, Section Thirty-Five regarding Aboriginal rights and treaties, and the procedures for constitutional amendment. The Handbook provides a remarkable resource for comparativists at a time when the Canadian constitution is a frequent topic of constitutional commentary. The Handbook offers a vital account of constitutional challenges and opportunities at the time of the 150th anniversary of Confederation.

The emergence of Pentecostalism in Ghana has attracted a massive following and generated institutions that have significantly impacted Christian discourse and national life. The movement has produced prominent leaders who have developed exemplary Christian education programs and generated volumes of Christian literature unprecedented in Ghanaian Christianity. Nevertheless, public opinion often

Download Ebook Pentecost Church Consution Guide

upbraids church leaders for unethical conduct. Despite the concern for high moral standards set by Pentecostal church polity and ministerial ethical codes, reports of Pentecostal ministerial misconduct appear regularly in the media. Although congregation members and perceptive public observers appreciate the constructive moral impact of Pentecostal ministers, instances of promiscuity, power abuse, financial misappropriation, and superstition reveal a gap between ethical ideals and practice. As this research reveals, factors behind unethical ministerial conduct include inadequate training, poor accountability, and a general low level of ethical reflection. Good Pastors, Bad Pastors suggests that a multidimensional approach of responsible reportage, emphatic moral education, appropriate but sympathetic response to moral failure, and peer-review accountability could help uphold a higher standard of ministerial ethics.
