300 practice questions. It was written out of the desire to provide a quality, but concise review book for Phlebotomy Technicians. Questions were constructed from all the areas of study in the phlebotomy curriculum ranging from communication skills to pre, intra and post analytical procedures. Constant revision of the questions will help the student to master the contents in preparation for the phlebotomy certification exam. Purchase of the Volume One and Two of this series would further prepare the student to challenge the test.
