Over Christmas and New Year 2006–07 I went to Iraq, Kuwait, Afghanistan and some other countries I cannot name, to entertain the Australian troops. It was not because I wanted to aid the war effort. It was not because I wanted to support the diggers. It was just because I wanted to have a bit of a look. This entertaining and eye-opening book is comedian Tom Gleeson's account of what he saw when he went to entertain Australian troops in the Middle East. Showing that he's willing to do anything to get a laugh—even get shot—Tom does all kinds of stuff he would never usually be allowed to do: fire machine guns, drive tanks in a drag race, hang out in the Green Zone in Baghdad, and play poker with the SAS. It's a trip that changes his life.

When an ancient evil awakens and unleashes an army of undead warriors that lay waste to the world of Tamriel, emperor's son Atrebus Mede joins a group of mages, thieves and warriors in a formidably outnumbered battle to protect and reclaim their home. Original. Video game tie-in.

"Takes readers on adventure throughout the war-torn landscapes and battlefields of Tamriel, featuring a horde of in-game texts and exclusive artwork"--Publisher website.

Based on the award-winning The Elder Scrolls, The Infernal City is the first of two exhilarating novels following events that continue the story from The Elder Scrolls IV: Oblivion, named 2006 Game of the Year. Four decades after the Oblivion Crisis, Tamriel is threatened anew by an ancient and all-consuming evil. It is Umbriel, a floating city that casts a terrifying shadow—for wherever it falls, people die and rise again. And it is in Umbriel's shadow that a great adventure begins, and a group of unlikely heroes meet. A legendary prince with a secret. A spy on the trail of a vast conspiracy. A mage obsessed with his desire for revenge. And Annaig, a young girl in whose hands the fate of Tamriel may rest

The destruction of a town, and the creation of a masterpiece--On April 26, 1937, in the late afternoon of a busy market day in the Basque town of Gernika in northern Spain, the German Luftwaffe began the relentless bombing and machine-gunning of buildings and villagers at the request of General Francisco Franco and his rebel forces. Three-and-a-half hours later, the village lay in ruins, its population decimated. This act of terror and unspeakable cruelty--the first intentional, large-scale attack against a nonmilitary target in modern warfare--outraged the world and one man in particular, Pablo Picasso. The renowned artist, an expatriate living in Paris, reacted immediately to the devastation in his homeland by creating the canvas that would become widely considered one of the greatest artworks of the twentieth century--Guernica. Weaving themes of conflict and redemption, of the horrors of war and of the power of art to transfigure tragedy, Russell Martin follows this monumental work from its fevered creation through its journey across decades and continents--from Europe to America and, finally and triumphantly, to democratic Spain. Full of historical sweep and deeply moving drama, Picasso's War delivers an unforgettable portrait of a painting, the dramatic events that led to its creation, and its ongoing power today.

A behind the scenes look at the teams and conditions of the 1,000-mile sled dog race Once a year teams of sled dogs compete in a 1,000-mile race. They cross mountains, rivers, forests, and frozen wastes of Alaska, urged on by their mushers for a week or more of ice, snow storms, and bitter cold. One dog is determined his team will win a prize. This is their story, a tale that goes behind the scenes of sled racing.
