Kong Maritime Museum and Elaine Morgan as a writer and editor. While this pilot is aimed at yachtsmen and indeed was surveyed from the Davies/Morgan yacht, it is just as relevant to the commercial or military mariner. The part of the world described in this work is one of the most interesting on our planet. Culturally, scenically, climatically and commercially- it has everything. This excellent book - now in its second edition, describes it all very enticingly. Set to the usual high standard of the Imray pilots that precede it, this one is spiced up by the wit and anecdotes the authors are so good at.

Covering the North Sea and Baltic coasts of Germany and Denmark, this guide is a companion to Brian Navin's North Sea Passage Pilot and Cruising Guide to the Netherlands. It is organised on the basis of carefully selected routes which pick up

earlier work, this new edition has been updated and expanded to include coverage of Cambodia and Taiwan. For the past 12 years, Jo Winter has been cruising these waters in her 45' Island Packet, Brother Wind, and she describes it as one of the most diverse, beautiful, unspoilt and undiscovered sailing areas in the world. The book covers thousands of miles of coastline, a multitude of islands and inland up many of the region's navigable rivers. Along with a comprehensive range of information to help with planning a cruise in this region, the introductory section details weather information, including coverage of typhoons, and also indicates piracy risk areas to be avoided. Sailing directions include small scale area plans to orientate the navigator and larger scale plans to show details of harbours and anchorages. Full colour throughout, the plans and numerous photographs illustrate
