Kosem Sultan, Ottoman sultana who exercised a strong influence on Ottoman politics for several decades at a time when the women of the palace enjoyed significant authority within the palace. She was active in palace politics throughout the reign of six sultans, the mother of two of them and the grandmother of a third.

The worst maritime disaster in American history wasn't the Titanic. It was the steamboat Sultana on the Mississippi River and it could have been prevented.

At two o'clock in the morning on 27 April 1865, seven miles north of Memphis on the Mississippi, the sidewheel steamboat Sultana's boilers suddenly exploded. Legally registered to carry 376 people, the boat was packed with 2,100 recently released Union prisoners-of-war. Over 1,700 people died, making it the worst marine disaster in U.S. history. This book looks at the disaster through the eyes of the victims themselves. It offers a concise, minute-by-minute account on the cause of the explosion and its effect on different parts of the boat. To focus on the personal stories of the victims, both civilian and soldier, Gene Eric Salecker patiently collected material from hundreds of letters, period newspaper stories, and other sources. Readers are first introduced to victims while they are languishing in Confederate prisons and follow their release to an exchange camp outside of Vicksburg to their eventual crowding onto the Sultana. His knowledgeable narrative is interwoven with individual reminiscences, including those of the heroic rescuers. He offers unprecedented details about the captain's handling of the steamboat and corrects some long-held myths about the placement of the soldiers on the Sultana and newspaper coverage of the disaster. A large portion of the book covers rescue attempts, both successful and failed, and the aftermath of the disaster as it affected those involved. With its emphasis on the human-interest aspect of the Sultana, this book brings to the literature a critical point of view and much new research.

Provides an investigation of the reasons behind, and the cover-up of the steamboat explosion which took the lives of 1,800 Union soldiers in 1865

Lee Surrenders! "President Murdered!" "Booth Killed!" screamed the headlines of American newspapers in April 1865, leaving little room for mention of a maritime disaster that to this day is America's worst. On April 27, 1865, the Sultana, a 260-foot, wooden-hulled steamboat-smaller than the Titanic but carrying more passengers-exploded on the Mississippi River near Memphis, Tennessee. More than 1,800 men, mostly Union soldiers on their way home from Confederate prison camps, died. On board were over 2,400 passengers-six times the ship's legal capacity. Although jubilant about the war's end, most of the men were weakened by malnutrition and disease from their imprisonment at Andersonville and Cahaba. Hundreds who were not killed in the explosion drowned in the cold, swift waters of the muddy river. Because of the timing of the sinking, coverage of the Sultana's demise was scant, and the tragedy has passed almost unnoticed in the pages of American history. In this highly documented book, author Jerry Potter focuses on how greed, indifference, gross stupidity, and criminal misconduct reaching as far as the White House led to the overloading of the Sultana at Vicksburg. Such irresponsible conduct characterized the actions of President Lincoln, an entire chain of army command, and several profit-hungry civilians. This authoritative work contains abundant photographs and illustrations, as well as the most complete list of the ship's passengers available.

An account of the tragic sinking of the Civil War steamboat describes how it was carrying an overload of paroled Union soldiers, the boiler explosions that ended the lives of more than 1,700 passengers, and the experiences of its survivors.

Traces the life of Princess Sultana and her struggle for identity in a male-dominated culture, and reveals the practices of arranged marriage and sexual abuse of Saudi Arabian women.

Originally published in 1892, Loss of the Sultana and Reminiscences of Survivors is a collection of first-hand accounts by those who lived to tell the story of perhaps the worst maritime disaster in U.S. history. On the Mississippi River just above Memphis at two o'clock on the morning of April 27, 1865, the steamboat Sultana, carrying over 2,400 passengers (it was licensed to carry only 356), exploded and sank. Over 1,700 people perished. Most of the passengers were Union soldiers recently released from Confederate prisons. Many were from East Tennessee. They had boarded at Vicksburg, where the longest siege of the war had resulted in Confederate surrender, ending the Vicksburg campaign. The soldiers, homeward bound from Andersonville and Cahaba Confederate prisons, had survived the terrors of battle, the loss of close comrades, physical and psychological wounds, the risky confinement of hospital, the humiliation of capture and surrender, escape and recapture, homesickness, boredom, the daily threat of death by starvation, disease, suicide, robbery, injury, or death by raiders. Chester D. Berry - one of the survivors - compiled facts, records, and personal accounts of other survivors, resulting in this compelling and profound testimony to the human spirit in the face of tragedy.
