"With SuperVision, John Gilliom and Torin Monahan meld deep knowledge with extensive teaching experience to offer a richly grounded look at the ubiquity of surveillance in everyday, contemporary life—from the tracking and tracing of cell phones to the post-9/11 hyperextension of airport security. Surveillance studies is rapidly gaining importance across the social sciences, and Gilliom and Monahan's book provides a first-rate introduction to this burgeoning field."

SuperVision: An Introduction to the Surveillance Society ...

The course begins by introducing you to the basics of supervision and describing the responsibilities of a supervisor. This will help you understand the basics of the role along with your career goals. You will then learn about the five keywords of supervision, the five traits of a great supervisor, and the three supervisor core competencies.

Introduction to Supervision - Alison

Typical Roles in Supervision. The job of a supervisor is a very dynamic one, depending on the culture of the organization, complexity of the department's goals, access to sufficient resources and expertise of the people in the department, and especially on the supervisor's ability to successfully delegate to their direct reports.

What is Supervision? How Do I Supervise?

Supervision: is a process by which one worker is given responsibility by the organisation to work with another worker in order to meet certain organisational, professional and personal objectives which together promote the best outcomes for service users. Research suggests that good one-to-one supervision has the following features:
