There are enough heresies in Elaine Pagels' "Gnostic gospels" that it would have gotten her burned as a heretic by either the Lutherans or the Catholics in the sixteenth century. However, it was in fact published in 1979 thirty four years after the discovery a library of Gnostic Gospels at Nag Hammadi in Egypt in 1945 and two years after the release of a comprehensive English translation in 1977.

Elaine Pagels, née Hiesey (born February 13, 1943), is an American religious historian. She is the Harrington Spear Paine Professor of Religion at Princeton University. Pagels has conducted extensive research into early Christianity and Gnosticism . Her best-selling book The Gnostic Gospels (1979) examines the divisions in the early Christian church, and the way that women have been viewed throughout Jewish history and Christian history.

Elaine Pagels - Wikipedia

In The Gnostic Gospels, author Elaine Pagels suggests that Christianity could have developed quite differently if Gnostic texts had become part of the Christian canon. Without a doubt: Gnosticism celebrates God as both Mother and Father, shows a very human Jesus's relationship to Mary Magdalene, suggests the Resurrection is better understood symbolically, and speaks to self-knowledge as the route to union with God.

Pagels, Elaine H., 1943- Sources found : Her the Johannine Gospel in
gnostic exegesis ... 1973: t.p. (Elaine H. Pagels) biography page
(born 1943; associate professor of religion and chair of the
Department of Religion, Barnard College)

A provocative study of the gnostic gospels and the world of early
Christianity as revealed through the Nag Hammadi texts.

In *Beyond Belief*, renowned religion scholar Elaine Pagels continues
her groundbreaking examination of the earliest Christian texts,
arguing for an ongoing assessment of faith and a questioning of
religious orthodoxy. Spurred on by personal tragedy and new
scholarship from an international group of researchers, Pagels returns
to her investigation of the "secret" Gospel of Thomas, and breathes
new life into writings once thought heretical. As she arrives at an
ever-deeper conviction in her own faith, Pagels reveals how faith
allows for a diversity of interpretations, and that the "rogue" voices
of Christianity encourage and sustain "the recognition of the light
within us all."

Acces PDF The Gnostic Gospels Elaine H Pagels

Provides an analysis of the early origins of Christianity, based on the teachings from the Gnostic Gospel of Thomas, exploring the faith of the early Christians and offering new interpretations of a range of topics.

A profound exploration of the Bible's most controversial book—from the author of *Beyond Belief* and *The Gnostic Gospels* The strangest book of the New Testament, filled with visions of the Rapture, the whore of Babylon, and apocalyptic writing of the end of times, the Book of Revelation has fascinated readers for more than two thousand years, but where did it come from? And what are the meanings of its surreal images of dragons, monsters, angels, and cosmic war? Elaine Pagels, New York Times bestselling author and "the preeminent voice of biblical scholarship to the American public" (*The Philadelphia Inquirer*), elucidates the true history of this controversial book, uncovering its origins and the roots of dissent, violence, and division in the world's religions. Brilliantly weaving scholarship with a deep understanding of the human needs to which religion speaks, Pagels has written what may be the masterwork of her unique career.

In this highly original work, Elaine Pagels demonstrates how evidence from gnostic sources may challenge the assumption that Paul writes his letters to combat "gnostic opponents" and to repudiate their claims to secret wisdom. Drawing upon evidence from the gnostic exegesis of Paul, including several Nag Hammadi texts, the author examines how gnostic exegetes cite and interpret key passages in the letters they consider Pauline—1 & 2 Corinthians, Galatians, Ephesians, Philippians, Colossians, and Hebrews. Besides offering new insight into controversies over Paul in the second century, this analysis of gnostic exegesis suggests a new perspective for Pauline study, challenging students and scholars to recognize the presuppositions—hermeneutical and theological—involved in their own reading of Paul's letters. Elaine H. Pagels is the Harrington Spear Paine Professor of Religion at Princeton University. She is the author of *The Gnostic Gospels*, which won the National Book Award and the National Book Critics Circle Award, *The Johannine Gospel in Gnostic Exegesis*, *Adam, Eve, and the Serpent*, and the best-selling *Beyond Belief: The Secret Gospel of Thomas*.

This volume gathers contributions from both junior and senior scholars whose studies have developed in dialogue with Elaine Pagels' work on Nag Hammadi literature and ancient heresiology. Published initially in 1979, Pagels' *The Gnostic Gospels* represents a landmark of scholarship in religious studies. It not only made the Nag Hammadi writings and Gnosticism popular topics in modern culture, it also invited scholars to rethink early Christianity from new perspectives. What were previously seen as dry theological arguments and intricate Gnostic mythologies received new interpretations in the *Gnostic Gospels* as echoes of political debates about orthodoxy and heresy, clerical authority, martyrdom and gender. After *The Gnostic Gospels*, Elaine

Pagels extended her research in various directions, from perceptions of sexuality in early Christianity and identity politics in the Christian creation of the "Satan figure" to ancient biblical interpretations, ritual in Nag Hammadi texts, and, recently, the Gospel of Judas and ancient apocalypses. The studies included in this volume engage each stage of Pagels' vast trajectory, and provide critical evaluations of the field of "Gnosticism studies" as it has developed over the past four decades, in the subfields of the "Sethian" and "Valentinian" schools, and beyond. The studies include new interpretations of the Nag Hammadi texts and fresh analyses of ancient heresiological literature.

Deepens and refreshes our view of early Christianity while casting a disturbing light on the evolution of the attitudes passed down to us. How did the early Christians come to believe that sex was inherently sinful? When did the Fall of Adam become synonymous with the fall of humanity? What turned Christianity from a dissident sect that championed the integrity of the individual and the idea of free will into the bulwark of a new imperial order—with the central belief that human beings cannot not choose to sin? In this provocative masterpiece of historical scholarship Elaine Pagels re-creates the controversies that racked the early church as it confronted the riddles of sexuality, freedom, and sin as embodied in the story of Genesis. And she shows how what was once heresy came to shape our own attitudes toward the body and the soul.

A study of the role of the devil in biblical and modern times theorizes that dissident social groups that resisted Christianity, such as pagans and Jews, were typically portrayed as demons and therefore established as threats. Reprint. 60,000 first printing.

Evaluates the meaning of the controversial, newly-discovered Gospel of Judas, illustrating how the text offers an understanding of Judas's betrayal, the apostles' understanding of Jesus's death, and God's role in the crucifixion.
