A new religious movement (NRM) is a religious, ethical, or spiritual group or community with practices of relatively modern origins. NRMs may be novel in origin or they may exist on the fringes of a wider religion, in which case they will be distinct from pre-existing denominations. Academics identify a variety of characteristics which they employ in categorizing groups as new religious movements.

Religious images in Christian theology have a role within the liturgical and devotional life of adherents of certain Christian denominations. The use of religious images has often been a contentious issue in Christian history. Concern over idolatry is the driving force behind the various traditions of aniconism in Christianity.. In the early Church, Christians used the
