mechanic, but is also very valuable for the experienced mechanic. The service manual by Clymer is an authoritative piece of DIY literature and should provide you the confidence you need to get the job done and save money too.

Jonathan Young is the cowboy nerd of the Young brood. He's the website and marketing go to person for Thunder Ridge and he's not nearly as ruggedly handsome as his eight brothers, or so he thinks. Nerds aren't like that. They sit behind computers, work on graphics, content, and how to make their clients rich by pushing the envelope to get the name out there. He's done that for years. Now it's time to see what else is in his future. Enter Mandy Jenkins, wild child of Bandera Texas and honorary family member of the Young's. She's gorgeous, funny, smart, and sweet, and she apparently wants him. Can he come out of his shell and be the man she needs? Mandy Jenkins has wanted Jonathan Young for over three years. He's been the cowboy of her dreams, since the day she met him. Unfortunately, he didn't seem interested at all and she's about given up on the vision of happily ever after with him. A secret in her past could put him beyond her grasp, even if it wasn't her fault. Will they be able to find true love or will past mistakes be the end of what could prove to be the best thing they ever had?
